

# Ari's Room: A Safe Space For Women & Children

## Introduction

Ari's Room is a dedicated non-profit initiative designed to provide transitional housing and life-enhancing programs for young mothers with children in Fairfield, New Haven, and Hartford counties, Connecticut. Rooted in the core values of growth, family, stability, and empathy, our mission extends beyond sheltering—it's about fostering independence, resilience, and sustainable success.

As a community-driven organization, Ari's Room acknowledges the challenges that young mothers face, including financial instability, lack of resources, and limited access to safe housing. By bridging these gaps, we aim to create a transformative environment where women and their children can heal, rebuild, and thrive. Our goal is to empower each resident with the necessary tools to transition from vulnerability to self-sufficiency.

## Mission & Vision

**Mission:** To provide safe and stable transitional housing, along with essential life skills, career development, and financial education, to young mothers and their children, equipping them with the foundation for long-term success.

**Vision:** To create a future where every young mother has access to secure housing, educational resources, and career opportunities, ensuring a brighter path for themselves and their children.

## Core Programs & Services

Ari's Room is more than just a shelter; it is a holistic empowerment hub. We provide:

1. **12-Month Transitional Housing** – A structured yet supportive living environment offering safety, stability, and personal growth opportunities.
2. **90-Day Employment Assistance** – Job readiness training, resume building, interview coaching, and direct employment connections.
3. **Trade Introductions** – Exposure to vocational training programs and trade certification opportunities in various industries.
4. **Credit & Budget Counseling** – Financial literacy programs teaching savings, budgeting, and credit-building strategies.
5. **Home Ownership Introduction** – Education on property ownership, mortgage processes, and long-term financial planning.

Each program is designed to equip young mothers with sustainable skills that foster financial independence and self-reliance.

## Community Impact & Reach

Ari's Room aims to serve dozens of families annually, providing them with the support needed to overcome housing insecurity and economic hardship. Our program is tailored to:

- **Decrease homelessness rates** among young mothers and children in Connecticut.
- **Increase employment opportunities** for participants through career readiness initiatives.
- **Improve financial literacy** to ensure long-term economic stability.
- **Promote family stability** by fostering safe, supportive, and growth-oriented environments.

By creating an ecosystem of support, we envision stronger families, healthier communities, and generational cycles of stability.

## **Fundraising & Partnership Opportunities**

To bring Ari's Room to life, we rely on the generosity of community partners, donors, and grant funders. Our first fundraiser is scheduled for March 2026, and we are actively seeking:

- Corporate sponsorships
- Grant funding from private and public organizations
- Donations from individuals who share our mission
- Partnerships with local businesses and service providers

With your support, we can transform lives and create lasting change for young mothers and their children. Together, we can build a future where every mother has the opportunity to thrive.
